

ACTIVITY-1

Student Induction Program From 30.08.2024

The Objectives are:

- To Introduce students to the college's vision, mission, values, facilities, academic programs, and rules.
- Help them understand the functioning of departments, faculty, and administrative processes.
- Create an inclusive environment where students feel welcomed and valued.
- Motivate students to develop self-awareness, confidence, and a sense of responsibility.
- Provide clarity about the academic structure, examination system, and available resources for academic success.
- Offer an understanding of the extracurricular and co-curricular opportunities available, encouraging holistic development.
- Emphasize the importance of discipline, time management, and ethics.
- Highlight the role of students in contributing positively to society.

Outcome: SIP helps students adapt to college life, realize their potential, and begin their academic journey with enthusiasm and confidence.

Brief Report:

From 30-08-2024 , a three Days Student Induction Program (SIP) was started for the First year admitted students of 2024-25. It is organized by the IQAC. Every Department has projected their dept. highlights and later students visited laboratories. Physics Department visit photos shown below.
