

Government Degree College, Nandikotkur

7.2.1: Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

Best practices – I : Mentor Mentee System

Government Degree College, Nandikotkur

Best Practice – I

1. **Title Of the Practice :** Mentor –Mentee System

2. **Objective :**

- To provide guidance and support to mentees, helping them navigate academic challenges, personal growth, and career development.
- To provide personalized learning experiences tailored to the individual needs and aspirations of each mentee.
- To introduce mentees to valuable networks of professionals and resources within their field of study or career path.

3. **Context :**

Institution caters to diverse student needs. A mentor-mentee system allows for personalized guidance tailored to individual strengths, weaknesses, and goals, which may not be fully addressed in traditional classroom settings. Some students may struggle academically due to various reasons such as learning disabilities or lack of effective study habits. Mentors provide academic support, tutoring, and strategies to help mentees excel academically.

Some students may struggle academically due to various reasons such as learning disabilities or lack of effective study habits. Mentors provide academic support, tutoring, and strategies to help mentees excel academically. Mentors from diverse backgrounds can provide valuable perspectives and support for underrepresented groups.

4. **The Practice:**

Govt. Degree College, Nandikotukur adopted a unique method of monitoring as Mentees shall have one of their teachers as their mentors.

- a) Each faculty member is assigned with the task of mentoring around 10 students.
- b) A specific time slot with a designated classroom is allocated to each mentor for

a formal monthly interaction with his / her mentees.

- c) Mentees should be ready themselves with a personal profile having their contact details, personal strength and limitations.
- d) Mentees are counseled about dignity and decorum which should be maintained in the campus along with road safety, healthy life style, conservation of water and electricity apart from choice of careers.
- e) Mentees are encouraged to regularly interact with their mentors and discuss any issues which rely to their studies, academic performance, how to overcome poor grades etc.
- f) Mentors maintain a confidential data sheet about mentees which details the monitoring activities rendered.
- g) At the end of each semester, mentees are required to provide feedback on the various topics discussed during that particular semester and suggestions are used whenever required to improve their academic caliber.

5. Evidence Of Success:

There are certain evidences of successful Mentor - Mentee system such as

- i) Litter free campus
- ii) Students take initiative to switch off lights and taps in the campus.
- iii) Student's attitude regarding the dignity and decorum shown great improvement.
- iv) Academic performance of the students has improved
- v) Students became emotionally stronger and more empathetic towards other beings.
- vi) Decrease in the absenteeism of the students.

6. Problems Faced And Resource Required:

- Measuring the effectiveness of mentorship program and ensuring that both mentors and mentees are benefiting is the practical problem faced.
- Mentorship programs require resources such as staff time, administrative support, training materials, and technology infrastructure (e.g., platforms for communication and documentation).

7. Notes:

The system of Mentor - Mentee resulted in significant positive impact on the students. This system played crucial role in supporting student success, personal development and career readiness in diverse academic settings.

GOVERNMENT DEGREE COLLEGE, NANDIKOTKUR

MENTOR & MENTEE LIST 2022-23
